KUROPATKIN BADLY WOUNDED

England Has Assurances That the Volunteer Squadron
Will Be Removed from the Red Sea Imme-
diately--Incident Closed.

(Special by Scripps-McRae.)
London, July 28.—The Japanese embassy has received a dispatch from Tokio stating Gen. Oku reports the Japanese are pursuing the enemy north of Tashikao. The Russians are retreating northward. Tashikao and New Kia Tum are ablaze, fired by the Russians.

Russian Refugees
Chifu, July 28.—Russian refugees who have arrived here report that the Lieutenant Burukoff and two other Russian torpedo destroyers were torpedoed and destroyed by the Japanese on the night of July 25.

Are United
Tokio, July 28.—It was officially admitted yesterday that General Oku and what is known as the Takushan army united in the attack on Tashikao. The Russians were driven from all positions Sunday and Monday. The Japanese victory was complete. The Russians had five divisions engaged in the battle.

Leave Hongkong
Hongkong, July 28.—It is reported that the British battleship Ocean and three destroyers are to leave Hongkong and proceed to Yokohama for the purpose of protecting British shipping against the Russian Vladivostok squadron.

The Ocean is a ship of 12,850 tons, and has a speed of 18.25 knots, carries armament of four twelve-inch guns, twelve six-inch quick firers, ten twelve-pounder quick firers, six three-pounder quick firers, two Maxim machine guns, four torpedoes, submerged, fourteen eighteen-inch torpedoes and five four-inch torpedoes. The crew numbers 750 men.

To Be Withdrawn
London, July 28.—Premier Balfour has announced to the commons today the acute stage of the Red Sea incident has passed and the Russian volunteer fleet will be withdrawn.

Kuropatkin Wounded
London, July 28.—The Tien Tsin correspondent of the Star reports Gen. Kuropatkin was wounded in the shoulder in the battle of Tashikao. Another general was killed. The Russian loss was ten thousand.

Not Diplomatic
London, July 28.—The London Daily Express says it has excellent reasons for stating that the latest note sent by Great Britain to Russia is not couched in the usual diplomatic language, but is, instead, a peremptory demand for immediate reparation for all rights placed upon the British flag by Russia.

It is also stated that Russia is warned that a repetition of the Knight Commander affair will be followed by immediate reprisals on the part of Great Britain.

May Undertake Reprisals
London, July 28.—England may undertake reprisals against Russia if satisfactory reparation is not immediately made for the several af-

fronts placed under her flag by the Russian Siberian and Red sea fleets. How thoroughly in earnest the government is shown when it became known late last night that all maneuver orders issued to the several squadrons had been withdrawn and that in their stead, fleet commanders had been directed to retain their present stations pending orders. Orders have just been issued cancelling all leaves of absence, and it is stated in naval circles that officers and men on leave have been notified to report back to their stations.

Both the home and channel fleets are fitted for action should the necessity arise.

Russia Went Too Far
London, July 28.—At no time since the Crimean war has the tension in the relations between Great Britain and Russia been so great. The sinking of the Knight Commander of Yokohama is much more serious in many respects than that of the Malacca. With the information at hand the British experts in international law are unanimous in the opinion that the action of the Russian naval commander was without justification. The deliberate sinking of a neutral ship by a belligerent is without a precedent in modern warfare. That the British government shares this idea is evidenced by the utterance of the premier, when in answer to a question in parliament, he declared that the information then in the hands of the government indicated that there had been an infraction of international law.

Russia Must Apologize
Regardless of party lines public opinion will back the government in any action, no matter how drastic. The very least that can be accepted by the British government, according to the views expressed in the public press is the payment by Russia of the full value of the vessel and such of her cargo as belonged to British owners, an ample apology with assurances that there shall be no further occurrences of a similar nature, and a formal salute to the British flag.

Prefer Open State of War
The continued activity of the Red sea squadron is a source of irritation. It is held that there has been no time to notify the Russian volunteer cruisers of their changed status, and while the vessels seized have been released as soon as they have reached a port where direct communication could be had with them, the delay is not calculated to quiet inflamed public opinion.

The situation has had a bad effect on the markets. Consols and all other securities are weak at a lower range of prices. War insurance rates are soaring and the manufacturing industries are showing the effects of the strain. Conservative business men declare that an open state of war would be preferable to existing conditions.

posed by Judge Aldro Jenks
in Third District.

(Special to The Gazette.)

Milwaukee, July 28.—It is announced that Judge Aldro Jenks of Dodgeville may be the democratic opponent of congressman Babcock in the third district this fall. T. L. Cleary of Lancaster, has been talked of and it was supposed he would receive the nomination. Recently friends of Judge Jenks have brought his name to the front. A Madison dispatch says Judge Jenks declares that while he would not make a fight for the nomination he would accept it if nominated. He said it would be very hard to beat Babcock in that district.

Ready for Business.

(Special to The Gazette.)

Madison, Wis., July 28.—Fully 250 delegates are in attendance at the state convention of the prohibition party which convened here yesterday. When the convention lacks in numbers is made up in enthusiasm; at times the excitement equals that of the recent republican state convention. The sessions yesterday were devoted to organization and appointment of committees.

LEITER IMPORTS MEN
TO WORK IN HIS MINESTrain Load of Workers Arrive at Zieg-
ler From St. Louis, Protected
By Chicago Detectives.

(Special to The Gazette.)

Carbondale, Ill., July 28.—Imported workmen were placed in Joseph Leiter's town of Ziegler Wednesday afternoon, after a journey of four hours from East St. Louis. The trip was full of intense interest and at times seemed impossible to avert serious trouble. The train was accompanied by about twenty armed Chicago detectives. The union miners' officials, George Bagwell, the president of Murphyboro; William T. Morris of Duquoin, and P. H. Strawn of Murphyboro, succeeded in boarding the train and talking to the imported men, who claimed they were traveling under a misapprehension, some saying they did not know that a strike was on at Ziegler.

At Pluckerville, Duquoin and Christopher a large number of miners had congregated, and at the last point trouble was expected. The miners' officials counseled peace and pleaded with the union men not to commit any overt act, for the success of the strike depended largely upon their own acts.

At Christopher, where every indication pointed to bloodshed, the miners were armed, but the pleading of the leaders was successful and the train sped on to Ziegler.

When the train returned five of the imported men were on board, having refused to work. They told the story of the plans Mr. Leiter had used to induce men to work at his plant.

Mr. Leiter is supposed to be in Chicago. No further importations of men, it is claimed, will be attempted until the plant is protected by a stockade and the various men needed to operate the machinery have been secured.

STUDENTS SUFFER
FOR THEIR DRUNKFaculty of the Summer School Take
a Hand in the Recent Dis-
graceful Affair.

(Special to The Gazette.)

Madison, Wis., July 28.—James William Upson of Mansfield, Ohio, has been suspended from the summer session of the University of Wisconsin for being involved in a recent student drinking affair which developed into a disgraceful incident. A party of a dozen students, most of whom were attending the summer session to make up work in which they failed in the regular school year, were out on a little spree and after midnight forcibly entered a nearby house in which a number of women library school students were lodged. A police call resulted in the arrest of one member of the party, who was too intoxicated to make his escape. He was released through the influence of his friends. The faculty took up the matter and a half dozen students have been examined by the faculty. Some of the men summoned are known to have been entirely innocent and it is understood that young Upson was one of the least violent of the crowd. Other suspensions are likely to follow. Members of the party belong to some of the most wealthy and influential families of Milwaukee.

NEWS OF THE STATE IN BRIEF.

The new city directory of Kenosha shows a population of 16,000.

The Kenosha council has voted to bond the city for a new sewer system.

Dr. and Mrs. F. B. Andre are in a critical condition at Kenosha from ptomaine poisoning.

The Geneva, N. Y., stone works will be removed to La Crosse. The company is capitalized at \$200,000.

Peter Sylvester, known as the king of Italians at Ives, has been arrested for selling liquor without a license. Bail was fixed at \$500.

Mayor Nelson has signed contracts for grading and paving several of the streets of Racine. Improvement bonds will be issued and the work commenced.

The Oshkosh common council has voted to bond the city to the extent of \$100,000 for the erection of a steel bridge to replace the one spanning the Fox river on Main street.

The arguments of counsel on the petition of Mary Wadleigh to be recognized as the widow and heir of the late Col. Gale Bouck were begun in probate court at Oshkosh yesterday.

The assembly opened at Battle Island, twenty miles below La Crosse, Wis., on the Mississippi, is to commemorate perhaps the most noted battle with the Indians ever fought by the Americans.

One of the heaviest hailstorms that has occurred in many years in Delta county, Wisconsin, swept over Escanaba, covering the ground to the depth of fully an inch. Windows were broken and crops damaged.

PICKETS WATCH
PACKERS' PLANSRulings of Chicago Police Are Not Heeded
by the Stock Yard Strikers.

PACKERS CLAIM THEY ARE AHEAD

Say They Have Fourteen Thousand Hands at Work, and
Will Have Full Force Within Two
Weeks at Least.

(Special by Scripps-McRae.)

Chicago, July 28.—Despite the orders of the police yesterday picketing was resumed about the stockyards this morning. Every branch of the packing houses is surrounded by pickets. Frequent clashes with the police will probably result. The Chicago Junction Railway company has shut down its stockyards freight department this morning, fifty freight handlers having quit. The packers claim to have fourteen thousand men at work and will have a full force in two weeks.

Strike Breakers
Three hundred strike breakers, including sixteen butchers from Detroit, arrived this morning. The packers claim the union laborers are coming back by twos and threes. The strikers remain firm.

First Break
First break in the strike occurred this morning when seven hundred stock handlers returned to work. They were employed by the stockyards company which is now able to supply packers with stock. The men said they had no grievance against the employers.

Crazed Pole
A crazed Pole, aged 25, whose name is unknown, attempted to assassinate George P. Ward, a member of a commission firm of the live stock exchange in his office at noon. He rushed at Ward with a knife and Ward fled. The police captured and disarmed his assailant.

Swears in Deputies
Onalapa, July 28.—Sheriff Power today swore in forty deputies armed with clubs to maintain order in the strike district. The strikers are orderly.

Freight Men Join Strike
Chicago, July 28.—Following the walkout of the packing-house teamsters yesterday morning the freight handlers on the Chicago Terminal railroad struck in the afternoon rather than handle consignments of meat shipped by the big packers.

There were about forty freight handlers employed in the house, and they dropped their trucks and left the yards. At the time the strike of freight handlers was taking place President L. J. Curran of the Freight Handlers' union was in conference with President Donnelly of the butcher workmen, assuring him of the cooperation of his union. Donnelly, however, did not want to involve the railroad in the dispute, fearing a Federal injunction or violence on the part of the strikers, and told Curran so.

Curran said that he did not expect that the freight handlers would be mixed up in the trouble, so that the strike yesterday was said not to have been authorized by the officers.

During the strike of packing-house teamsters two years ago the freight handlers at the Santa Fe, Vabash and Grand Trunk depots walked out rather than handle meat consignments. They are ill to pursue the same course.

Small independent plants are springing up around the country to take advantage of the shortage in the meat supply. Nine butchers were sent from the strike headquarters to La Porte, Ind., to work in an independent plant to open there.

The strikers assert that the tanks in the big packing houses are full of hides and offal, as the packers have no men to work up the by-products.

FILIPINOS MAKE GAS FROM COCOANUT OIL
Basic Material Is Fed Into Cast-Iron Retorts After They Are Brought to Red Heat.

Washington, July 28.—An ingenious method employed in the Philippines to secure an adequate gas supply is reported to the bureau of insular affairs by the Philippine bureau of government laboratories. This scheme is to slowly feed coconut oil, a native product, into strong cast-iron retorts after the latter are brought to a red heat in furnaces. This produces a very high quality of illuminating gas free from smoke and tar.

This Philippine report also shows that the struggle waged by the bureau of laboratories against rinderpest, which threatened to exterminate the draft animals on the islands, has been successful. The veterinarians now have about seventy-five animals available to furnish a serum for inoculating nonimmune herds. A great demand for vaccine virus also is announced. Until the advent of the Americans no systematic efforts ever had been made to vaccinate the Philippine people. The islands now are declared to be practically free from the plague as a result, it is said, of the intelligent employment of a plague prophylactic furnished the board of health in sufficient quantities.

The biological laboratory is investigating human diseases and is preparing a work on a method of protective inoculation against Asiatic cholera.

FOUL ASSASSINATION OF A
RUSSIAN CABINET OFFICERM. Plehve Is Killed on His Way to Visit the
Czar--The Police Claim It Is a
Part of Revolutionary Plot.

(Special by Scripps-McRae.)
St. Petersburg, July 28.—M. Plehve, minister of the Interior, while on his way to Peterhoff at ten this morning in a carriage to make a report to the emperor, was assassinated. When his carriage passed the Hotel de Varsovie, near the Warsaw railway station, a man rushed from the restaurant of the hotel and hurled a bomb into the carriage. It exploded with terrific force. The minister and coachman were killed on the spot. The carriage and horses were shattered to atoms. Twenty bystanders were injured and a building adjoining the hotel was also wrecked.

The body of Plehve was terribly mutilated. His left arm and both legs were blown off. The assassin was immediately arrested. Dispatches state the czar received the news of the assassination of Plehve at Peterhoff. The emperor trembled and sank into a chair overcome by the shock. The police claim to have proof the assassination is the result of a conspiracy by the revolutionary party.

London, July 28.—A St. Petersburg correspondent of Reuter's wires that Plehve's assassin is a Jew who refuses to give his name.

APPLE SEASON HAS COMMENCED

EATABLE APPLES APPEAR ON THE MARKET DAILY.

NEW MONEY IS FOR SALE

Farmers Jubilant Over the Hay Crop and the General Tone of the Whole Crop Situation.

Apples by the barrel have made their appearance on the market for the first time this season. They are of the best quality and are selling at 60 cents a bushel. Bartlett pears from California are selling for 20 cents a dozen. They are delicious and sell rapidly. While there are a few berries on the market yet, people are more interested in the larger fruits. Home grown currents are gone and some were shipped in from Michigan to supply the trade. Large blackberries from Michigan are still being sold at 16 cents a quart, but there is a tendency of over supply and hence a fall in price.

New Money on the Market.
Many of the leading grocers have received a large supply of new money. They say that money is better this year than it has been for the last two years. A large crop is reported from all over. It is being retailed at 12 1/2 cents a pound.

Gen. muskelluns from Illinois are old at from \$1 to \$2 a basket of 18. Watermelons have not reached their best but they are of fair quality and sell for 25 cents each. Five or six varieties of plums from California are being offered and many are sold to pedestrians and transients to be eaten on the street.

Georgia peaches have met with a large demand and are still selling at 45 cents a basket. Sweet corn is still sent in large quantities but there is no reduction in price, being sold at 20 cents a dozen ears.

Granulated Sugar Higher.
The price of granulated sugar has gradually advanced from 5 to 10 cent per 100 pounds within the last 60 days. It is being sold at an advance of one-half a cent a pound at present. Word was recently sent out to the buyers that refiners had advanced the price of sugar. Dealers say the advance is due to the coming season and comes later this year than usual. The advance, too, is not as great as it has been in other years.

The Crop Outlook.
Tuesday being a dull wet day, many farmers were in town doing shopping and gossiping. Hope of a phenomenal crop of corn is given up. Farmers say that it ought to be "in ears" at this time but has not reached the "tassel" stage. Some rust in oats was reported but several farmers denied this, saying that "oats look fair." Cutting of this cereal has already commenced and the latter part of this week much of it will be carried on.

Considerable enthusiasm was shown over the hay crop. All agreed that this year farmers had a better opportunity of "putting up" their hay than for many a year. The crop was excellent and the weather just right for harvesting. Timothy is sold for \$9 a ton.

BAD RUNAWAY ON MILWAUKEE STREET

Team Driven by William Spicer, Frightened by Automobile, Started on Wild Race Last Night.

While William Spicer was driving a team of horses hitched to a surrey on Milwaukee street last evening, a colt which was drawing a sulky just in front became frightened at an automobile driven by Miss Anderson and backed into the pole of the surrey. The team immediately started on a wild race up the avenue. Will Spicer darted out from the Golden Eagle stable and seized the rein of one of the animals but lost his footing and was dragged several rods. One of the reins was broken and it was impossible to regain control of the mad-dened animals from the vehicle. In the vicinity of Watson's restaurant they veered to the right and the carriage was dragged along the curb. Near the American Express Co.'s office the vehicle swung full against a telephone pole and James Brown and Fred Caffey seized the horses on either side brought them to a halt. Mr. Spicer and those who attempted to stop the rig escaped without serious injury. The horses, which belong to Ryan & Son, were also uninjured, but the vehicle was badly wrecked.

SEVEN BARKS

Is not a new, untried remedy. It has been on the American market for more than 30 years. It is the most popular remedy remedy known. Why? Because it is genuine, honest, powerful, thorough, harmless, quick in action and easy to take—the doses are very small.

CURES CHRONIC DYSPEPSIA.

Mrs. Mary J. DeGross, of New York City, in a voluntary letter to Mr. Lyman Brown says:

"For years I have been a chronic dyspeptic. I have tried every remedy known to me, but never have I been able to get the best. The relief I gave myself, and which I feel I can well afford to use, is the effect of Seven Barks and try it. It is the best I have ever used. The effect is so good."

We have thousands of equally as complimentary letters.

SPECIAL OFFER. If you suffer from headaches, indigestion, or liver troubles, buy a bottle of Seven Barks and try it. It is the best I have ever used. The effect is so good."

LOTTERY BEGINS THIS MORNING

Drawing for the Rosebud Agency Lands is Taking Place at Chamberlain.

Many Janesville people are anxiously awaiting the results of today's drawing of the Rosebud agency lands at Chamberlain. Janesville is well represented in the registration and it is possible some of the Janesville people will be lucky enough to draw an allotment of land. Governor Richards and his army of clerks are on the ground, and the commissioner will personally superintend the drawing. He will be assisted by Judge Wakely of Onondaga and P. F. Sherman of Seneca Falls.

The drawing will be done on a raised stage, situated on the vacant lot. Bulletin boards are placed on the outskirts, where the drawings will be posted and the lucky numbers will be announced in stentorian tones. Commissioner Richards is arranging a plan to draw 2,400 provisional numbers, to take the place of those who fail to draw the lucky numbers but who fall into file. In many cases because of lack of money or other reasons those drawing numbers within the magic 2,400 will not file. If some arrangements were not made the filling of these claims would be left for a final selection open to a wild scramble.

Congressman Richard Burke of South Dakota is there and is urging the drawing of provisional numbers. The drawing has not attracted any outside people, and everything is quiet there at present.

MANY WERE AT DELAVAN LAKE

A Score of Janesville People Listened to Bryan's Lecture Yesterday Afternoon

A number of Janesville people were present at the opening of the Delavan Lake Chautauqua assembly yesterday. Besides the Y. M. C. A. delegation which includes Secretary J. C. Kline, Physician Director, Walter Leslie Harper, Myron Tracy, Arthur A. Davis, Edgar Adams, Frank Blair, and Leon Manger, there were present: A. J. Matheson, Judge Sale, E. P. Wikom, and T. O. Howe. The feature of the day was William Jennings Bryan's address on "The Value of an Ideal." The attractions today are Dr. H. W. Sears' address and the Edison projectoscope. The assembly is enjoying an increased attendance this year and the outlook for a prosperous season is good. It continues through Sunday, August 7.

DAVID WRIGHT IS THE JUDGE CHOSEN

Head of the Masonic Order of the State Will Settle the Dietz Case.

David H. Wright, grand master of Masonry in Wisconsin, to whom was referred the trouble growing out of the holding of a dam near Hayward, Wis., by John Dietz, will act as arbitrator. He received a letter Saturday from the Chippewa Lumber & Boom Co. saying that the company and Dietz have both agreed to abide by the settlement reached by Mr. Wright. Mr. Dietz and the members of the company in controversy are all members of the Masonic order and have taken this means of settling their dispute. Mr. Wright has not yet made a reply but will in a day or two. He says he will probably fix the place for the hearing in Milwaukee.

"I don't know anything about the merits of the case at all," he says. "At first I was reluctant about having anything to do with it but after consulting with some of my Masonic brethren I have concluded that perhaps I can do some good. At any rate the dispute will be settled honestly so far as I can learn the facts of the case."

Dietz claimed the property on which the dam across the Chippewa river was built belonged to him and that he had the right to hold up the logs of the company until the company had paid him. He barricaded himself in his home and was prepared to defend himself against all comers, even officers of the law, with a shotgun. Posses tried in vain to arrest him and even the aid of national guardsmen was unsuccessfully invoked. The situation presented by this agreement is unique. The controversy has been the subject of legal proceedings, this action precipitating a state of affairs which threatened to cause bloodshed. Now it is probable the matter will be settled peacefully.

"CONGENIAL TWENTY" HAD FINE OUTING YESTERDAY

Ladies Were Served Delightful Supper at Home of Miss Jennie Cleland.

A pleasant afternoon and evening was enjoyed at the suburban home of Miss Jennie Cleland yesterday by the ladies of the "Congenial Twenty." An elaborate supper was served and the visitors returned to the city about ten o'clock. Those in the party were: Mesdames F. A. Taylor, J. Cunningham, A. C. Campbell, W. G. Palmer, Sanford Soverhill, F. S. Barnes, Geo. Sanger, T. S. Nolan, W. W. Porter and their children, and the Misses Kittle and Minnie Bennett, Rose Hopson, Zella and Ida Harris, Gertrude Cobb, Elta Canelle, and Mary Rogon.

MISS FANNIE FITCH WAS WEDDED AT GRAY'S LAKE

To Operator Fred Mock of the Janesville & Southeastern

Miss Fannie Fitch of Janesville and Fred Mock of Gray's Lake were united in marriage at the latter place yesterday. The groom is an operator for the Janesville & Southeastern railroad and the bride has been employed at the Hough Slide factory. The wedding was a surprise to Janesville friends of the bride.

WISCONSIN HAS PROMINENT PLACE

Her Building at the World's Fair, St. Louis is a Popular Resort.

From morning to night the great reception hall of the Wisconsin building at the World's Fair is thronged with visitors. The casual observer would be inclined to conclude that all Wisconsin had migrated to St. Louis for the entire exposition season, or that the Wisconsin people could find nothing of interest in the grounds but their own building.

Either conclusion would be wholly wrong. The crowds in the Wisconsin building are from every state in the Union, and the same faces are seen again and again. Many a New York or Missouri or California lady has run in for a few moments' rest and has thrown herself back in one of the luxurious chairs with the contented exclamation, "Well, it feels good to get back home again."

This feeling is due almost wholly to the hostess who was sent to represent Wisconsin at the great World's Fair. This lady, who seems to have been endowed by nature with more than one mortal's share of grace, magnetism, tact and gentility, is Mrs. Emma J. Walsh, of Baraboo, Wis. Her smile, her ready wit, her sympathetic handshake are of far more importance than even the artistic furnishings, the oriental rugs and the splendid carved piano of the handsome clubhouse that Wisconsin erected at the Fair. She is the light, the incarnation of welcome in the house.

Mrs. Walsh acquired her training for the position, to which she seems to have been born, in the school of society and club. "For many years she was a social leader not only in Baraboo but in the larger cities of her native state, and at the same time she was actively engaged in club work. Her first public appearance was at the Pan-American Exposition where she held the position of hostess in the Wisconsin building. So gratified were the commissioners by her able and charming administration of hospitality that as soon as the Louisiana Purchase Exposition was an assured fact, and Wisconsin's participation had been secured, they asked to have Mrs. Walsh as hostess again. There may be scores of ladies in the great state who could have filled the trying position creditably; but here was one lady who had served her apprenticeship. The commissioners knew that she would be a success. And their confidence in her is daily justified by the above-mentioned hosts from all over the country who have learned that a welcome awaits them in the Wisconsin building."

MOSQUITOS' DAYS ARE NUMBERED

New York Doctor Discovers a New Method to Kill the Insect Immediately.

The mosquito has so often been killed in the past few years by some scientific method and just as often has come to life with renewed vigor that the latest experiment in this line has been eagerly watched for. Thus far this summer Janesville has been exceptionally free from the pests but they may come with a wet August. The following is the new method used to exterminate the pest:

As a result of extensive experiments with a simple compound, known as the Bordeaux mixture, composed of lime and sulphate of copper, Dr. Alvah Doty, health officer of New York, is convinced that he has at last found an agent for killing the disease propagating anopheles and the numerous, if less dangerous, culicids, both members of the mosquito tribe. He and his corps of bacteriologists at the quarantine station have proved to their own satisfaction by tedious work in the laboratory and special demonstrations in the "mosquito farm" that the sum of the pest has at last set. It will kill mosquitoes in thirty-six hours, and is said that no one need be without it. The formula he gives is one pound each of lime and sulphate of copper to ten gallons of water. The cost is a cent and a half a gallon.

RURAL RESIDENTS ENJOY BIRTHDAY

Town of Center the Scene of a Delightful Birthday Celebration

Last week, July 23rd, marked the forty-eighth birthday of the life of James S. Roberts, of the town of Center and the members of his family and relatives made the day a memorable one by planning and executing a perfect surprise on him.

While he was away from home a company of about sixty people assembled there; and upon his return, Mr. John Hyland, in his usual happy manner, in behalf of the company, presented Mr. Roberts with a handsome Morris chair as a souvenir of the occasion. Though completely surprised, Mr. Roberts' well-known ability as a genial entertainer did not desert him. The day passed all too soon, and when evening came the guests departed, taking with them pleasant memories of Mr. Roberts' natal day.

Cincinnati, O., July 28.—A burning bridge was discovered by the engineer of the Big Four Indianapolis accommodation train, just in time to save the train, two miles west of Prescott, Ind. The train was stopped 100 feet from the bridge.

AMONG THE WORLD'S WORKERS

News Notes From Various Sources of Great Interest to the Workman.

There are about 43,000 members in the Cigar-makers' Union, and they pay 30 cents a week to keep it going. In the last 20 years it has paid out over \$5,000,000 in benefits to the members.

At Buffalo, N. Y., the National Association of Marble Dealers has been incorporated. This organization, it is said, is an employers' association, formed partly for the purpose of co-operation in labor disputes.

Boston, Mass., union lathers have gone on strike against the open shop.

Worcester, Mass., iron molders and core makers threaten an early strike. The trouble is caused by a proposed reduction of twenty-five cents daily.

The strike of cotton operatives at Bristol, Eng., has ended by a compromise, the reduction of five per cent, being agreed to for the present.

Wages of skilled laborers at the Portsmouth, England, dock yards are to be increased to 21 shillings a week.

Paris, France, dockers have gone on a strike for higher wages and shorter hours of labor.

THE SMALLEST OXEN IN THE WORLD.

The Sacred Cattle of Ceylon and The Indies.

One of the greatest curiosities among the domestic animals of Ceylon is a breed of cattle known to the zoologist as the "sacred running oxen." They are the dwarfs of the whole ox family, the largest specimens of the species never exceeding thirty inches in height. One sent to the Marquis of Canterbury in the year 1891, which is still living and is believed to be somewhere near ten years of age, is only 22 inches high and weighs but 160 1/2 pounds. In Ceylon they are used for quick trips across country with express matter and other light loads, and it is said that four of them can pull the driver of a two-wheeled cart and a 200-pound load of miscellaneous matter sixty or seventy miles a day. They keep up a constant swinging trot or run and have been known to travel 100 miles in a day and night without either food or water. No one knows anything concerning the origin of this peculiar breed of miniature cattle. They have been known on the island of Ceylon and other Buddhist countries for more than a thousand years. Several of these pretty little animals are now with the Barnum & Bailey Greatest Show on Earth, which will come here on August 4.

The only two complete menageries in the world are those connected with these shows. There are among the chief attractions three herds of elephants, a herd of giraffes, baby elephants and mother animals, and in the world, two droves of camels, besides all the caged wild beasts and animals in a bush. Three stages, three rings, and a race track are necessary to give the circus and hippodrome performances, while there is still another entertainment which takes place in the menagerie before the regular performances. Here also are the famous freaks, the troupe of midgets, company of Russian dancers, the giant, etc.

The wondrous 40-horse team of boys will be seen in the free street parade in the morning.

UNCLE SAM MAKES NEW REGULATIONS

Will Not Do a Business Man's Print. In Any More—Place Restrictions.

If business men and merchants want the nature of their business to appear on stamped envelopes that they use, they must have the printing done themselves. That is the substance of an order that is issued in the daily bulletin by the third assistant postmaster general.

The notice says it has developed that some postmasters have been accepting orders for stamped envelopes in which the return card in the corner indicates the business of the man or concern using the envelopes, thus:

In five days return to
JOHN BROWN,
Dealer in Stocks and Bonds
and Securities,
111 Blank Block, Janesville, Wis.

Under the postoffice regulations all that John Brown can get, if the printing is done by the department, is a notice in the corner of the envelope like this:

In five days return to
JOHN BROWN,
Janesville, Wis.

Only when it is absolutely necessary will the department print the street and number or the name of the building. Unless the name of the business appears in the corporate name it will not be printed. Neither will any cuts or lithographic designs be used.

Qualities of Edible Plants.

There are 536 sorts of edible plants known, of which forty are flower producers and twenty-one yield sugar in paying quantities.

JANESVILLE FIRM FURNISHES ICES

The Shurtleff Company Has the Contract with the Siegel Cooper Cafe in Chicago.

When you are in Chicago and take luncheon at the Pure Food Cafe of the Siegel Cooper company, do you know that the delicious dish of ice cream you order and your Chicago friends exclaim over was manufactured in Janesville, and probably went down to Chicago on the same train you did? The old saying "You must go away from home to learn what is doing in your own city" is true. Few people know that the Shurtleff company of Janesville furnishes the noted Pure Food cafe with their ice cream. Yet such is the fact. Not only are they doing this now, but have been doing it for some time past. The Siegel Cooper management are sticklers over the purity of their dishes and each week they make tests of all the foods served. The manufacturer does not know what day this test is to come on and hence it is an incentive to keep his goods up to the standard every day. Siegel and Cooper experimented for many weeks testing various kinds of ice cream and then settled on the Shurtleff product. Now they use no other and large shipments are made daily, summer and winter.

Ice cream manufacturing in Janesville is the means of bringing much money to this city. This industry is on the increase and the Shurtleff company is bringing Janesville's name into prominence in the field of commerce. Rock county farmers sell the Shurtleff company thousands of pounds of milk each day which is separated and from which over five hundred gallons of ice cream are manufactured. Every gallon of cream is pasteurized before used and only pure fruit flavors and crushed fruits are used in the manufacture. The company is justly entitled in using the term "Only the Purest." Brick ice cream is a particular feature with the company. It is ever becoming more popular with the home trade. Adjacent college towns send in large orders when parties and banquets are to be supplied and large quantities are shipped distances from Janesville daily. These bricks are made with three flavors. That the demand increases is evidence that the purity and delicious flavors are being appreciated by the general public.

Six hundred gallons of the Shurtleff ice cream will be used at the Delavan lake assembly which opened yesterday and will continue for two weeks. Mr. G. A. Shurtleff has managed the dining hall at this well-known assembly for the past four years and is again in charge. Over a thousand people filled the vast tables the opening day and over six hundred will be the daily average during the session.

LOCAL SINGERS OFF FOR SAENGERFEST

Twenty-Two Members of Concordia Society Departed for Milwaukee Over Northwestern Today.

With their grips and satchels, prepared for a good time lasting the rest of the week, twenty-two members of the Concordia Singing society left this morning over the Northwestern road for Milwaukee to attend the twenty-first Northwestern Saengerbund of Wisconsin. The session is to last until Sunday afternoon when a big parade with 10,000 members in line will march to Palast park for the annual picnic. There will be twenty-five brass bands in the line of march. The Janesville visitors will be quartered near the exposition building during their sojourn.

MUST SERVE MINIMUM TERMS

Michigan Supreme Court Makes Ruling on Indeterminate Law.

Lansing, Mich., July 28.—The supreme court holds that the indeterminate sentence law enacted at the last session of the Michigan legislature cannot apply to offenses committed before it took effect, Sept. 16, 1903, even though sentence was pronounced after the law took effect. The court, however, denies the contention that such sentences are wholly void and that convicts so sentenced should be released. It holds that the sentence is valid for the minimum term fixed by the court. This decision will affect the sentences of about 200 convicts in Michigan prisons, all of whom must be released upon the expiration of their minimum term.

Must Pay \$287,810 Damages.

London, July 28.—The courts have decided that the South Wales Miners' Federation must pay into court \$287,810 damages awarded the colliery proprietors, for causing the men to break their contracts with their employers.

Saved by Celluloid Collar.

New York, July 28.—Detective Michael Reilly of Mount Vernon, in attempting to arrest a highwayman, was shot at close range. His life was saved by a celluloid collar, which stopped the force of the bullet.

MURDERERS ESCAPE FROM JAIL

Three Mexican Slayers of Americans Get Guards Intoxicated.

El Paso, Tex., July 28.—Three Mexican prisoners charged with murdering and robbing American prospectors in Sonora have escaped from jail at Agua Prieta, a border town in Mexico, opposite Douglas, Ariz. It is said they were liberated after giving the guards liquor, with which they became intoxicated.

Pastor Saves Two Lives.

Alton, Ill., July 28.—Rev. William Parsons, pastor of the First Presbyterian church of Sparta, Ill., rescued Albert Watson, cashier of the Sparta bank, and D. M. Sullivan of Topeka, Kan., from drowning at the Plaza Chautauqua.

...LINK AND PIN..

News for the Railroad Men.

Arrangements have been completed for the immediate construction of a connecting link between the Santa Fe and Rock Island-Pasco systems, which, when finished, will furnish a 200 mile shorter transcontinental line for these two companies than is possessed by any other road.

The Oklahoma, Texas and New Mexico railroad, recently incorporated at Daltart, Tex., with \$10,000,000, will furnish the connection between the two systems. It will connect with the Frisco at Woodward, Okla., and with the Santa Fe at Las Vegas. The line will traverse the east slope of the San Andrews mountains south to El Paso, where connection with the Southern Pacific and Mexican Central railroads will be made.

As soon as a few necessary preliminaries in the way of bond negotiations have been completed work on the new line will be commenced and rushed to completion as speedily as possible.

Union Pacific to Build a Cutoff

The Union Pacific has decided to build a cutoff from Marysville, Kas., to Topeka, Kas., to enable it to run through passenger trains from Kansas City to the Pacific coast over the main line of the Union Pacific. About 100 miles of new track is to be built from Topeka to Marysville, work on which is to begin at once.

Bankrupt Road a Short One

The assets of the Cincinnati, Bluffton and Chicago, the new line which went into the hands of receivers a day or two ago, consist of twenty-seven miles of road, four engines, and seventy flat cars, with one second hand coach. The value of the entire property does not exceed \$50,000. The company recently issued \$1,000,000 at 5 per cent bonds, but only a few of these were placed. There is a possibility that the Erie may get the line and operate it as a feeder.

Transportation Notes

The prospect for a large grain crop throughout the Dakotas, according to an official of the Chicago and North-Western, who has just returned from a personal investigation of the conditions, is as good as it ever has been at this season of the year.

The Illinois Central has decided to participate in special excursions, to Cuba during the remainder of the present month and August and September. Other roads have announced their intention of taking similar action.

Contracts have been awarded by the Illinois Central for the construction of a branch line from Brookhaven, Ill., to Monticello, a distance of forty miles.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the hair is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Hairdressing, an entirely new result of a chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send for stamps for sample to The Hairdressing Co., Detroit, Mich.

Before Mother's Friend was Introduced.

The older the prospective mother be the more difficult the order through which she must pass before she experiences the glory of the maternal state. This was true before

Mother's Friend

was introduced, but now tangible evidence in the shape of countless mothers of advanced years who have used it with entire success forces us to gladly refute the integrity of this statement.

Old or young, the result is the same. It is simply indispensable during the parturient state, and absolutely invaluable at the crucial time.

...Forty Years Ago...

Janesville Daily Gazette, Thursday, July 28, 1864.—A Lucky State.—The situation of Kentucky under the new call for half a million of troops is certainly to be envied. The quota of that state will be about 20,000, which is about equal to the number of able bodied men in the state, and as it is expected that all the darkies will run away from their masters and enlist, or go with their master's consent, the white population will escape the draft, and at the same time get rid of their negroes.

A Strike.—The newshogs of Detroit had a strike the other day because publishers charged them three cents a copy instead of 2 1/2 cents for their papers. After holding out a few hours and finding that the publishers were likely to concede nothing they yielded their point and went back to their labors, having injured no one, but themselves.

Most Honorable.—A young man not overburdened with this world's

goods, we presume, who is employed in a store not a thousand miles away from Smith & Bostwick's, has procured and sent to camp a substitute. It is an example worthy of imitation, especially for men of ample means who can do it.

The Work Begun.—The work of procuring substitutes has already commenced by our citizens. A gentleman informed us that he had sent one forward today, paying him a bounty of \$200.

Strayed or Stolen.—A small red sow about four years old, having a star in her forehead. Any information leading to her recovery will be satisfactorily rewarded. W. B. Strong.

The Bounty Tax Vote.—At noon today there had been 320 ballots cast on the tax bounty question. The vote was considerably increased this afternoon, and it is altogether probable that the majority in favor of taxation will be quite large.

THE OLD-FASHIONED LANE.

It is One of the Institutions of Country Life.

"Speaking of old things, reminds me of a thing which seems to have been forgotten by some of my old friends," said a writer in the New Orleans Times-Democrat, "and it is a rather curious fact since it is so intimately related to some of the more affectionate things of the world. Why should we forget the lane? It is the one thing in the life of the man who knows and appreciates the country in which he lives, and who loves the poetry of it all. The long, dusty lane, with its shadings, with its winding and willowy meandering—should we forget it? I think not.

"The 'no-fence law,' which has been so popular in some states may have put the lane out of business to some extent. But I decline to believe that the lane will disappear altogether. There is too much of the poetry of the country associated with it, and we must not lose sight of the gentler things we go along. Strolling down the lane! Did you ever stop to think what that means? It means a world of things when you come to think of it. It is the story of many lives. Men who have grown up in the country will understand what it means to the men and women, or boys and girls, who happen to live in the country. Let us preserve the lane. We are doing away with many of the old things. The age is a bit leucostic. We are constantly tearing down the old things. But it seems to me there is a point at which we should draw the line. And that point is reached when we come to those things which are so much a part of our life, and so much a part of the lives of persons who have lived in some other time."

Kills Woman, Slays Himself.

Pueblo, Col., July 28.—Mrs. J. J. Affley was almost instantly killed by a bullet from a revolver in the hands of John Anderson, who immediately afterward shot himself through the heart, expiring within a few moments.

Quiet at Fall River Mills.

Fall River, Mass., July 28.—There is no change in the strike situation here, everything being reported quiet at the mills and in the city. None of the mills was opened and the strikers show no disposition to return to work.

SILVER DOLLARS BECOMING SCARCE

NONE TO BE MADE UNTIL FREE COINAGE WINS.

THE PAPER MONEY MONOPOLY

Greenbacks To Have Legal Tender Field Largely to Themselves for Some Years.

As a result of the announcement that no more silver dollars will be coined by the government mints the west will soon be using as much paper money as does the east. Hereafter silver has rather predominated. The announcement regarding the coining of silver was made at Portland, Ore., recently by George T. Roberts, director of the United States mint. The only chance there is of more silver dollars, declared Mr. Roberts, is the election of a 16 to 1 congress.

So much currency issued is in the east that the easterner sniffs when forced to accept silver money in the west. The clear stands in the leading hotels at a point to have a supply of paper money on hand in order to please their customers. Tending much silver to an easterner means that he will go elsewhere to buy provided he can find a place where paper money is to be had. This is true to an extent in Janesville although some people still have the liking for the coin that jingles.

The westerner does not like to carry about whole pockets full of heavy dollars, but he has not the aversion to accepting it as change that his Atlantic brother has. Residents of the west will easily fall into the new order of things because the most enthusiastic jangler of silver will have to admit that it is far handier to carry paper money than the "cart wheels."

"The west has been gradually coming more and more to the use of paper money," says a well known banker. "So much paper money is handled in our city that we send large packages of worn-out bills to the treasury department twice a week. All worn-out bills are collected when opportunity is given, and they are exchanged for good money at Washington. Every greenback is taken to prevent the spread of disease through paper money, and I think the thing is so well looked after that there is practically no danger from it today. Of course there is a little more danger than from silver, but paper currency is the natural and handy currency to carry. Once used always used. Did you ever notice how anxious people are to exchange their silver dollars for paper ones? The use of paper money will increase right along now, and I think it is a good thing."

PATRIARCHS MILITANT WILL GO TO BELLOIT AUGUST 5

Special Meeting Will Be Held Tomorrow Night To Make Arrangements.

Canton Janesville, No. 9 of the Patriarchs Militant and the Rockford Canton will visit the Beloit encampment on Friday, August 5, and not tomorrow evening as was erroneously stated in a previous issue. There will be a special meeting tomorrow evening to make arrangements for the visit.

OBITUARY

John Flood

After a lingering illness of six months John Flood, aged sixty-two years, passed quietly away at his home at the fair grounds at eight o'clock last evening. He leaves a wife and ten children to mourn his loss.

Funeral services will be held Saturday morning at 9:15 o'clock from St. Mary's church.

Michael Birmingham

Michael Birmingham died this morning at his residence, 422 South Franklin street, aged 65 years. Mr. Birmingham leaves to mourn his loss a widow, three sons, and four daughters. John E. B., George May, Josie, Anna, and Alice. The funeral will be held Saturday morning from St. Patrick's church.

CURRENT NEWS NOTES.

Much Building: The C. D. French building on North Franklin street is progressing finely and it will be a fine improvement to that portion of the city. It will be called the Farmers' Rest home and will cost about twelve thousand dollars when completed. Floyd Murdoch will soon commence the erection of a row of fine flat buildings on the corner of Franklin and Wall streets at the cost of about ten thousand dollars.

Excellent Pyle: William Barrs on the John Pyle farm has recently harvested ninety acres of rye which ran nineteen bushels to the acre. Larry Cronin on the Guy Wheeler farm had twenty acres which ran eighteen bushels to the acre.

Bakers' Attention: A special meeting of the Bakers' Union No. 367 of Janesville will be held at the hall at 7:30 Saturday evening sharp. Al. Monteth, Sec.

Not a Goose Rung: M. C. Hanna, Don Van Wart and D. H. Foster of Beloit who were in charge of the "Goose Game" at the Pike returned intact to the management a box of golf balls which they offered as prizes to the successful. Many tried but no one "rung" the wary birds.

Sigma Chi Incorporates: Articles of incorporation of the Alpha Chi fraternity at Beloit college were filed with the register of deeds today. The move is made with the purchase of the chapter house as an end in view. The incorporators are: Alexander E. Matheson, Glennville A. Dowd, and H. K. Rockwell.

Price of New Potatoes: New potatoes are selling from the wagon in the city today at 75 cents a bushel. The retail price is 85 cents. Growers say that the dry weather is playing havoc with the late varieties.

BRYAN SPOKE ON HIS IDEALS

FALLEN GOD OF DEMOCRACY AT DELAVAN ASSEMBLY.

JANESVILLE PEOPLE ATTEND

Four Thousand People Hear Him Give His Opinions on the Situation.

William Jennings Bryan spoke on Ideals at the Delavan lake assembly yesterday. Fully four thousand people crowded into the big building to hear the silver-tongued orator from Nebraska tell what his Ideals really were. Dr. Judd and wife were among those from Janesville present and the doctor says Mr. Bryan's speech was one of the best he ever heard. It was the opening day of the assembly and among the Janesville people who attended were Mr. and Mrs. Thomas Howe, Mr. and Mrs. Charles Muzzleton, Dr. and Mrs. Judd, Mr. Wright, Frank Taylor, Rev. Henderson, Judge Sale, A. E. Matheson, and A. F. Hall.

Bryan's Speech

Mr. Bryan was full of funny stories. Among other things he said that when he was a boy he fully intended to be a Baptist minister but that he attended a baptism on once and saw people immersed. On returning home he asked his father if he had to be immersed to become a minister. His father told him he did, and that said Bryan decided him in becoming a democrat because the democrats never like water. Bryan told how he was sent to college as a joke for the first time having but recently moved to Nebraska and when nominated everyone thought he would never be elected. He said that his ideal had been to become president but he guessed he was on the wrong side of the political fence as there appeared to be more republicans than democrats in this country from his experience in the past eight years.

At Beloit.

Mr. Bryan staid at Beloit, on his way to Lake Delavan, the guest of Mr. and Mrs. Clinton Babbitt. He took dinner at the Hotel Hilton which was opened for the first time on Tuesday and expressed himself as much pleased with the city and state.

STATES VIEWS ON LA FOLLETTE

The stalwart press of Wisconsin declare that you and La Follette might well belong to the same party. Mr. Bryan. What is your opinion of Mr. La Follette?

"I notice that the stalwart press is saying a great many queer things—things that make a great many people smile. There are many things that Mr. La Follette is trying to accomplish that are good, particularly his primary election law and the regulation of railroads. I doubt, however, if he will be able to secure the needed reforms with the national administration against him."

Mr. Bryan is none too enthusiastic over the results of the St. Louis convention. "I'm for the ticket," said he, "for reasons already given to the papers. While I am disappointed in not getting a candidate more in sympathy with economic reforms I think it wise to elect Mr. Parker. It will set the race question, militarism and imperialism out of the way."

GAVE LUNCHEON FOR VISITORS

Don Farnsworth the Host at a Pleasant Luncheon This Noon at the Myers Hotel.

Hon. Edward F. Fletcher, ex-mayor of Worcester, Mass., and Hon. Charles H. Betts of Lyons, New York, a member of the republican state central committee of New York state, were the guests of honor at a luncheon at the Myers house given by Don Farnsworth this noon. Mr. Betts and Mr. Fletcher are stockholders in the Hough Porch Shade corporation, and are in the city to attend the annual meeting of the stockholders. After the luncheon, which was served in the ordinary of the hotel, both Mr. Fletcher and Mr. Betts made a few remarks and Mr. Farnsworth made a well chosen speech. George McKey tried to tell a story but was interrupted so many times that he concluded to do a few tricks as his share of the entertainment. Those who were present were: G. P. Holman, A. C. Lough, W. H. Greenman, F. S. Sheldon, A. E. Blumhagen, G. M. Key, D. Hayes, F. L. Clemens, Geo. S. Sutherland, A. P. Burnham, Albert Schaller, Geo. E. King, E. D. Brownell, Robert M. Bostwick, Geo. D. Simpson, Don Farnsworth, H. H. Bliss, Hon. Chas. H. Betts of Worcester, Mass., and Edwin F. Fletcher of Lyons, N. Y.

RECALLS DEATH OF M. M. FARDY

The Same Hotel He Lost His Life In, Is Again Closed for Public Safety.

The following article in a Chicago paper vividly recalls the Lincoln hotel of horror in which one Janesville resident—M. M. Fardy—several others had narrow escapes from death. Mr. Fardy's estate is at present suing the owners of the Lincoln hotel property for ten thousand dollars for the death of Mr. Fardy, through John Cunningham and his attorney. The papers in this suit were filed immediately after Mr. Fardy's death, but the case has not yet been reached on the Cook county circuit court docket.

The Lincoln hotel, 176 Madison street, has been closed by the city building department on account of insufficient fire protection and will be compelled to remain closed until the management of the hotel complies with the city building ordinances.

This is the hotel in which a number of lives were lost in a fire about a year ago and the hotel as it now stands violates the city building ordinances in several respects.

After failing to comply with two notices sent the management of the hotel to obey the ordinances Deputy Building Commissioner Stanhope yesterday ordered the police to close the hotel.

BOX OF GLOVES IS VERY COSTLY

Former Beloit Resident Stals a Box of Them and Has a Heavy Fine Imposed.

E. Van Bantlen, who resided in Beloit about ten or twelve years ago, returned to Beloit yesterday, and got into trouble before he had been there twenty-four hours. He was arrested and pleaded guilty to stealing a box of gloves from the Beloit Glove Co. The gloves were worth about \$5 and he sold them to John & Co. for \$2.50. He was arrested soon afterward. Judge Booth fined him ten dollars and costs, amounting to \$13.39, and he telegraphed to Chicago for money. Unless it comes he will spend thirty days in jail.

Atty. Malcolm Mount transacted business in Edgerton today.

F. A. TAYLOR,

The Turf, Running, Trotting

Outlook For the Saratoga Meeting--Hermis, The Picket, Waterboy and Other Stars Entered. Geers' Prospects.

Racing at the famous Saratoga (N. Y.) track opens Aug. 1. The close of the successful Brighton Beach (New York) meeting will be the signal for the "on to Saratoga" slogan to be sounded, and all indications point to a sensational series of races at the spa.

All the turf notables of the year will run at Saratoga. Hermis, winner of the Suburban handicap; The Picket, winner of the Brooklyn; Dick Welles, holder of the world's record for a mile; Proper, the speedy colt owned by W. H. Jennings; last year's champion, Waterboy, if he can be made to stand up for a grueling race; Gaudin, the favorite mare of the late William G. Whitney, winner of last year's Metropolitan, runner up to the Candelmas colt, Irish Lad, in the Brooklyn and third to Waterboy and Irish Lad in the Suburban renewal; McChesney, by that time the true "Big Mac" again; Hamburg Belle, winner of last year's Futurity; Delhi, sold by James H. Keene to be the finest horse he ever owned; August Belmont's Nightshade and Mizzen, H. B. Duryea's Aceful, Mercury and Whorler; Grey Pelar and Mamie Worth. Others are Bryn Mawr, Palm-

silent man from Tennessee," is the king of all light harness trainers and drivers. The trotters and pacers that he has successfully reared number almost two-score. Among them are The Abbot, once the trotting champion, and Lord Derby, the game campaigner now owned by E. J. Smathers of New York.

Geers has a large string of likely candidates for grand circuit prizes. He spent a large part of the spring in Memphis rounding his equine pupils into form. He considers the much talked of young trotter Stanley Dillon to be the most promising of his "dark ones." Walter Direct, Major C. and Alexander are other trotters that Geers expects to aid in paying his feed bills.

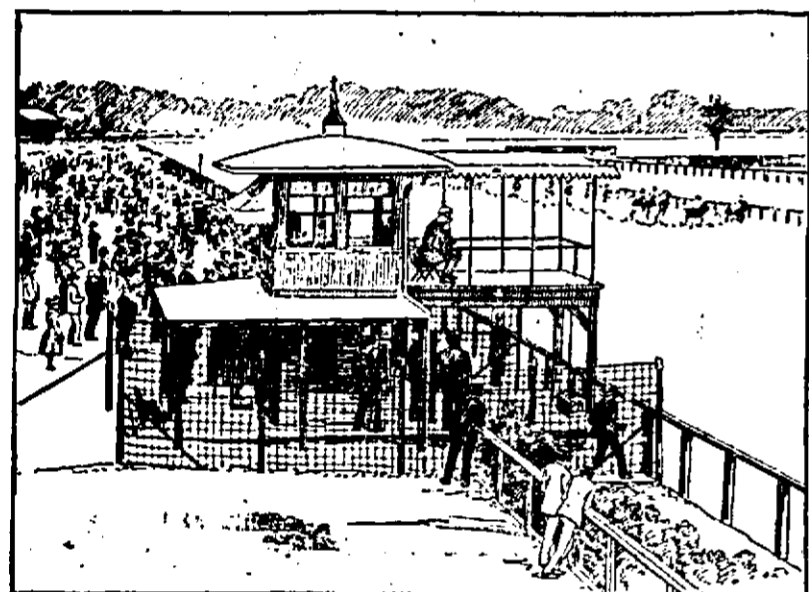

Cleveland holds pretty nearly everything in the line of amateur trotting records, but Chicago secured one recently when C. W. Marks won all the races on the card at Washington park, Chicago, a feat unique in amateur racing circles.

Mr. Marks came into fame as an amateur whip when he teamed Joe Patchen so successfully, and although he sold the iron horse some time ago, he has never lost his love for a good horse.

Of late years he has confined his racing strictly to amateur events and this season has a more pretentious stable than ever, which is headed by the fast green pacer of last year, Tom Keene, 2:04 1/4. The latter was rather erratic at times last year, but Mr. Marks entertains hopes that the gelding will race well this season. If he does, it is probable he will be seen at Lexington and Memphis in the fall.

A world's trotting record has been established this early in the season. It was at Cleveland recently that C. K. G. Billings rode the trotter Charley Mac a mile to saddle in 2:15 1/2, thus eclipsing the record of Great Eastern a quarter of a second.

Great Eastern established his record twenty-seven years ago, and that it has been the world's mark for so long has been due to the fact that the race-

bearer, Stalwart and Montreson. Surely there is a list of thoroughbreds well able to furnish blood tingling contests. Where could be found a more brilliant company? Where else could be gathered fields better fitted by class, speed and stoutness of heart to furnish turf battles the memory of which will live long in turf history?

The leading races at Saratoga will be the Saratoga handicap, the Great Republic and the Saratoga Special. The handicap entries include Hermis, The Picket, Waterboy, McChesney, Dick Welles, Gaudin, Hamburg Belle and Delhi. Highball would have faced the starter in this race had he not re-

cently broken his leg (which resulted in his being shot) at Brighton Beach, New York.

The handicap is worth \$12,000, and the Great Republic stake amounts to \$50,000.

The amounts of other Saratoga stakes are as follows: The Hopeful, \$10,000; the Saratoga Special (estimated), \$20,000; the Spinaway, \$15,000; Saratoga cup, \$10,000; Saratoga Derby (added), \$5,000; United States Hotel, \$10,000; Grand Union Hotel, \$10,000; North American (steepchase), \$3,000 added.

The Shillelagh steepchase, the Revue-wyck steepchase and the Ballston cup for hunters will also be run.

Ed Geers will probably repeat his successes of former years on the grand circuit. Geers, better known as "the

HOW TO FIND OUT

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains the linen it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do
There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and sending pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this generous offer in the Janesville Gazette. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Will Resentence 100 Convicts
New York Judges to Comply With Ruling of Attorney General.
New York, July 28.—More than 100 convicts in Sing Sing serving indeterminate sentences inflicted by the court of general sessions of Manhattan will be brought back to be resentence within the next month. This action has been decided upon by the judges in order to comply with the ruling of Attorney General Cullen that convicts sentenced to indeterminate periods are not entitled to commutation for good behavior, and that their terms of imprisonment must expire between April and October.

Held Up by Masked Chinese
San Francisco Restaurant Patrons Victims of Celestial Bandits.
San Francisco, Cal., July 28.—The most remarkable robbery in the history of this city took place when two Chinese with regulation masks and armed with big revolvers, held up the restaurant of Wong Soon Guey. The place was filled with patrons, including many whites. The celestial bandits covered the late eaters with revolvers. Then one of them sprang to the till and pocketed the contents, \$95. Keeping their revolvers leveled on the crowd, the pair backed out of the place and escaped.

Gets Federal Contract.
Elkhart, Ind., July 28.—Postmaster Anderson has been notified that W. J. McAlpine of Dixon, Ill., had been awarded the contract for the new federal building here. His bid was \$58,400. The work must be completed by Sept. 1, 1905.

Pain Pills
Dr. Miles' Anti-Pain Pills Insure Against Pain.

They are an insurance policy against pain and its distressing effects. They guarantee that you will not be compelled to suffer from pain of any nature.

They are a sure preventative if taken when you first discover a tendency to headache, sick stomach, backache, dizziness, indigestion, periodic pains, etc. They relieve the pain and tone up the exhausted and weakened condition of the nervous system.

Should you neglect this precaution and allow a deep seated pain to possess you, no matter where located, they make good by removing the pain.

Dr. Miles' Anti-Pain Pills have a wonderful reputation for doing all that is claimed for them, and this reputation is backed by a guarantee, that if first package fails to give relief, they cost you nothing, because your druggist will return your money.

We urge you to try them under this guarantee, because they never fail. I was suffering with La Grippe, had aches and pains all over me, and was so miserable I was nearly beside myself. After taking two doses of Dr. Miles' Anti-Pain Pills I was relieved from pain and fell into a restful sleep. They have never failed to give me relief from pain of any kind in 30 minutes.

MRS. EDGEBLAD LANE, Portage, Mich. 25 doses, 25 cents. Never sold in bulk.

DEATH REVEALS A SHORTAGE

Receiver Is Appointed for Iowa Bank After Cashier Drowns.
Grinnell, Iowa, July 28.—The death of H. C. Spencer, cashier of the First National bank, by drowning, July 21, caused the bank to be closed pending an examination by an examiner. The work is not completed, but enough has been discovered to show that there is a large shortage; forged paper and padded assets will make it necessary for the stockholders to make up a deficit estimated from \$50,000 to \$100,000. Mr. Spencer was a leading citizen and the city is greatly excited over the developments.

Washington, July 28.—The comptroller of the currency has appointed E. B. Shaw, a national bank examiner, as receiver of the First National bank of Grinnell, Iowa, whose doors were closed by the directors.

Bull Causes Fatal Panic.

Mora, Minn., July 28.—Twelve business houses were destroyed by fire here, causing a loss estimated at about \$70,000.

EMPHATIC TALK

The Kind That Carries Conviction to Every Janesville Reader.

Conviction must follow such emphatic proof as is given here. The testimony of Janesville residents should satisfy the most skeptical. Here is a Janesville case. Read it and see if doubt can exist in the face of this evidence.

Mr. E. T. Fish, of 355 Ravine street, proprietor of the Fish Dray Line says: "When I was twenty years of age I fell injuring my back, and ever since that I was troubled more or less with a dull aching pain across the loins. It never laid me up but it was often painful and annoying. Of late years I have gone to a physician every six months and had myself thoroughly examined under the impression that there might be something wrong with my kidneys. The diagnosis always resulting in the physician claiming these organs were sound, but as the pains existed when I happened to notice in our Janesville papers that Doan's Kidney Pills were guaranteed to cure just such troubles I procured a box at the People's Drug store and took them. Doan's Kidney Pills are a good preparation. My back has not ached since I used them. I have heard others speak very complimentary of them and if I did not know their merit and required such a medicine I would consider it a favor if some one suggested their use to me. For this reason I endorse them."

JAPS TAKE POSITION UNDER COVER OF NIGHT

Storm Russian Camp in Face of Heavy
Artillery Fire and Compel
Enemy to Retreat.

Tokio, July 28.—With only the flash of the Russian guns as a guide to the enemy's position, over ground honey-combed with mines and strung with a network of wires, facing a sweeping artillery and infantry fire, storming strongly entrenched positions, in the darkness of Sunday night, Gen. Oku succeeded in driving the czar's forces from their line of defense south of Ta Tehe Kiao.

Not once did the Japanese troops falter, although they were really fighting a hidden enemy. The Russians, in addition to being protected by the darkness, were in superior numbers, their force consisting of five divisions, with 160 guns.

Gen. Oku lost only 800 men. No estimate of the Russian losses is given. Advancing on Sunday Gen. Oku found a superior force confronting him, and that a heavy artillery fire from the enemy was checking his men. He thereupon decided to hold the positions he then held and to attempt a night surprise. This was successful, the Japanese troops hustling the Russians into retreat to Ta Tehe Kiao.
